PROFESSIONAL SUMMARY

B.Tech Data Science student with hands-on experience in Python, web development, deep learning, and computer vision. Built academic projects including a Smart Medicine Reminder web application and an AI-based deepfake video detection system. Seeking an entry-level opportunity to apply programming, analytical, and problem-solving skills while learning and contributing to real-world projects.

EDUCATION

Sri Indu College of Engineering and Technology <i>B.Tech – Data Science</i>	Expected 2027
• Currently pursuing B.Tech.	
SR Junior College <i>Intermediate</i>	2023
• Score: 754	
Sri Vikas Model School <i>SSC</i>	2021
• GPA: 10/10	

TECHNICAL SKILLS

- Programming Languages: Python, C, Java, JavaScript
- Web Technologies: HTML, CSS, JavaScript, Flask
- Databases: SQLite, SQL

SOFT SKILLS

Communication | Teamwork | Adaptability | Problem Solving | Analytical Thinking | Time Management

PROJECTS

- Smart Medicine Reminder** | *Python, Flask, HTML, CSS, JavaScript, SQLite*
 - Developed a web application to help users manage medicine schedules and reminders.
 - Implemented secure user login and registration with SQLite-based data storage.
 - Added medicine reminders, notifications, dashboard, and medicine status tracking.
 - Designed a user-friendly interface focused on simple navigation and usability.
- Detection of Deepfake Videos Using Long-Distance Attention** | *Python, Deep Learning, OpenCV, TensorFlow/PyTorch, CNN*
 - Developed an AI-based system to detect manipulated (deepfake) videos.
 - Applied Long-Distance Attention to capture temporal and spatial features across video frames.
 - Used deep learning techniques to improve deepfake detection accuracy.
 - Evaluated the model using standard performance metrics such as accuracy, precision, and recall.

INTERNSHIP EXPERIENCE

GVKSS Software Pvt. Ltd. <i>Intern</i>	March 03, 2025 – June 03, 2025
• Completed internship training in AEM and Python with practical exposure to software development. • Applied Python concepts to programming tasks and problem-solving activities. • Gained experience working with development tools and collaborative project activities.	

CERTIFICATIONS

- Hashgraph Developer Course
- Internship in AEM and Python Courses – GVKSS Software Pvt. Ltd.
- Scholarship Test Participation Certificate – Manac Infotech Limited
